# Primary Care - Your Partner in Your Overall Well-Being

A Primary Care Physician (PCP) is your first stop when you are sick or in need of healthcare services and is the first contact for many patients at Cape Cod Healthcare. Our expert primary care physicians are well-trained, skilled and experienced, providing coordinated care and treatment that is backed by the full resources and technology of the Cape Cod Healthcare system. Whether you need your annual physical, immunizations or prescription refills, your PCP is your trusted health partner. Your PCP understands your health history and maintains your medical record as well as making sure you are up to date on preventative health screenings such as mammograms or colorectal screenings.

Cape Cod Healthcare has met or exceeded CDC guidelines to ensure the safety of our patients and staff. Cape Cod Healthcare's PCP's are paying attention to you as a person. Don't wait until you get sick to get well. Add a Cape Cod Primary Care Provider to your healthcare team today. With 17 locations throughout the Cape, you don't have far to get the personalized care you deserve.

Primary Care services offered at Cape Cod Healthcare are:

- Annual physicals
- Care for chronic conditions
- Illness and injury care
- Immunization
- Screenings
- Smoking cessation
- Weight management
- Virtual visits
- Wellness care
- Work screenings and physicals
- Other healthcare services
